

Kim Rexroat

I was born and raised in Louisville, KY which is located on the banks of the Ohio River and home to The Kentucky Derby, Louisville Slugger, Muhammad Ali and Diane Sawyer.

After graduating High School I attended Bellarmine Collage, in Louisville where I received an AA in Business Administration and a BA in Economics. While in college I began working in the family trucking brokerage business where I stayed for 7 years. I found out quickly that family and business sometimes don't mix well so I moved on to UPS and spent 20 years in Air Cargo management at their main air hub in Louisville.

I met my husband in 1992 and we were married 2 years later and moved across the river to Clarksville, IN where we lived for 19 years before moving to New Port Richey in 2013. I have a stepson, Tyson.

My husband and I have been blessed to do some traveling both domestic and internationally. My favorite places are Hawaii, Paris and England. We would still like to visit Australia, China and Alaska.

I have just started my journey of photography. I've always enjoyed taking pictures of nature but recently started birding and love catching different species of birds and animals in photos. My first camera was a

Nikon CoolPix L100 and then moved up to an Olympus SP100EE last Fall. I now have a Canon T6i and Tamron 150-600mm lens. My favorite subject to photograph is the Bald Eagle followed by Owls, Swallow-Tail Kites and Sandhill Cranes. I need to improve my flight photos. I have never entered a photo contest or even thought about a contest for that matter until someone commented on one of my photos that I should enter it into a contest. I'm going to take her up on her suggestion and see what happens!

Some of my other hobbies include going to the beach and amusement parks. I am also an avid sports nut! I am a huge University of Kentucky basketball fan. When I lived up north I had Indianapolis Colts' football season tickets for 12 years and now have Buccaneers' tickets. I love the Tampa area because of all the professional sports there are to enjoy. I had never watched NHL before this season and I quickly became a Lightning fan.

I currently volunteer with Audubon Eagle Watch where I currently monitor 6 Bald Eagle nests in Hillsborough, Pinellas and Pasco Counties. I also work with raptor and bird rescue and education.

I look forward to perfecting my skills in photography and learning everything I can.
